because the subject matter means nothing to them, but plenty of others want to be informed. The subject matter I'm speaking of clearly monitors our lives. It affects the way we vote sometimes. You know, for instance, I'm talking about this gun situation that everybody I've talked to seems to think it was a lot more serious than the District Attorney's Office did. I've heard a dozen or 15 people say it just looks like gross favoritism was shown here and an average person wouldn't get such a liberal outcome. I won't keep harping on this, but this wasn't handled right. Ιt just looked like it was swept under the rug, a coverup of a cock and bull story to people.

You know, this city government, if I could call it that, it reminds me of like when I watch these Robin Hood movies, the king tells the sheriff of Nottingham the peasants aren't paying enough taxes, they are not taxed enough, go tax them. See, Hesser is leaving town, raise the taxes. Whatever is done that's all that we hear,

8 1 raise the taxes. The developers have 2 cheated us people out of building permits 3 year after year and nothing is done, just raise the taxes to cover it. 4 The SPA needs \$10 million for the 5 garages, instead of closing two of them, 6 7 which is the simple best thing to do, raise 8 the taxes so we can repair the garages. 0ur 9 \$100 an hour man sitting there babysitting 10 for \$40,000 a year doesn't see that there is 11 half the income coming in, who is supposed 12 to suffer the loss, you know, the same 13 thing, raise the taxes. 14 The majority of people in this city are paying 60 percent of the taxes for the 15 16 schools and don't use them. I don't use 17 I haven't used them for 30 or 40 them. 18 years. You have just -- there has got to be 19 a better solution than just borrowing and 20 raising taxes every time we turn around. 21 You know, I realize council has had 10 years 22 of gross incompetence and mismanagement from 23 the Doherty administration and besides 24 bankruptcy I don't what else to advocate, 25 but you cannot keep punishing people that

	9
1	have property like this. These nonprofits
2	
	have destroyed our tax base and it's
3	shrinking and shrinking all around us.
4	You know, I go out here and I talk
5	to somebody at the grocery store and here
6	and there, I talk to like I have
7	mentioned, I talk to a lot of professional
8	people, they're just washed up with the city
9	and it seems like people aren't thinking of
10	the future of this city. You are a teacher.
11	You got where are these children supposed
12	to go in 10 or 15 years when they inherit
13	like a half a billion dollars worth of bills
14	and so forth? That's where we are.
15	Something got to be done besides borrow and
16	raise taxes. It's just we are not
17	getting nothing for our money. You know, I
18	keep telling you I can't walk down the
19	street because people park on the sidewalk.
20	Every place I got I don't have no curbs.
21	My front yard, nothing is ever repaired.
22	Now my taxes are twice what they were when I
23	bought the house. There has just got to be
24	a better solution and I hope one of our new
25	political people come forth. Thank you.

1	MS. EVANS: Thank you. Ozzie Quinn.
2	MR. QUINN: Good evening.

6	Taxpayers' association. First I want to
7	give a commercial that the Taxpayers'
8	Association, thank you, Frank, for
9	announcing this last week, I know Jack was
10	sick, that we held our meeting on Tuesday
11	and if you Google ECTV you will find out the
12	date and the time of when this is going to
13	be replayed. It's very interesting because
14	Representative Kevin Haggerty attended, he
15	is the guest, and he spoke about the many
16	issues prevalent today in the city and
17	statewide and I think it was a good meeting.
18	Next, two things I'm asking you the
19	first one, I'm asking you to consider
20	seriously the last one I want to ask you is
21	to consider as much as you can to enact, the
22	first one is that it came I have come to
23	the conclusion that with everything being
24	shot down that you are trying to do, okay,
25	in regards to various payoff of the debt we

owe that we have to have a meeting with the state representatives. I mean, the council and the mayor. The state representatives and the state senator. The only way I can see us getting bailed out of a situation is we don't want to go through bankruptcy, but the state, the state are the ones that put the albatross around our neck 21 years ago and they should be able to sit down and talk about this intelligently and try to help the city with their finances, be it a no interest loan or grant or whatever or combination. I ask you to consider that.

The other thing I urge you to consider and that is to ask the District Attorney to do an investigation of Scranton's OECD. What I mean is this here, with all due respect, Mr. Rogan, and this has nothing to do with a reflection on you, this is before you came here, you have been reading off various loans that were paid off, various loans that people are behind on or we don't know where we are going with them and tonight you are supposed to read off another list of deadbeats, okay? If you

take that list, those three lists, and take the names over and get the Doherty campaign finance chair books, okay, and compare who got the loan, who gave large donations to Mr. Doherty, you are going to see that they That's collusion in my books. match. That is unequivocally collusion. It's as tantamount as going and saying, "You know, I'll give you \$500 if you give me the bid, or if you give me something or you give me a job, you give my cousin a job," and this is what happened and the DA is sitting down there and he knows and he knows that there is things going on. I have asked him, Blake, he don't even answer with a letter or a reply. Why? Mostly because the DA is so political it's up believable. I don't think that is going to help me very much if I get arrested, but I really hope that. And I know, Mr. Rogan, that you just

came on board with the OECD two years ago, but you know a lot of the audit that has \$11 million missing and, I mean, that the city has to come up with \$11 million of nonfederal funds, a lot of that audit has to

do with these loans and grants that you are talking about, and the fact that they weren't eligible for these loans and grants, and I don't know if you realize that and I don't know if anybody realize that, I realize that because I'm looking into it and they tell me in Washington that they did not meet the criteria of meeting low income jobs, things like that, any criteria that you have to get a loan. So, I mean, it's serious. It's a mess.

Now, anybody -- you had to wait how long for this list? Now, and I know they have Excel program down there, if I'm having an Excel program on my computer, which they should have, I would take that loan and I would put it in there and I would put in the number of years and if there is any interest and I would just be able to every payment I'd be able to see who pays every week or every month or whatever the payment would be, what's it's reduced to and find out what the balance is, and I can do that for you, I should be able to do that for you in five minutes, not three weeks, and we are still

2	MS. EVANS: Thank you. I'll just
3	add to what Mr. Quinn said with regard to
4	the request for that loan portfolio, we
5	waited over a year to get that response, and
6	I think you had mentioned a meeting between
7	council and state representatives, I can
8	tell you that I've met a number of times
9	with our state senator, John Blake,
10	obviously to know avail. I know he met with
11	the mayor as well, but I would not be

20	city and what assistance the city or the
21	state intends to extend to the city in 2013
22	and going forward as well. Thank you.
23	So, Mrs. Krake, if you would send
24	letters, please, to those three gentlemen
25	requesting that caucus.

_	
	15
1	MS. KRAKE; Yes.
2	MS. EVANS: For the purposes
3	described.
4	MS. KRAKE: Yes.
5	MS. EVANS: Our next speaker is Doug
6	Miller.
7	MR. MILLER: Good evening, Council.
8	Doug Miller, Scranton. I'd just like to
9	begin tonight
10	MS. EVANS: Good evening.
11	MR. MILLER: by discussing the
12	request to have the state senators and
13	representatives appear before council and
14	the caucus. I do feel that if these elected
15	leaders do have a sincere interest in moving
16	the city forward and looking out for the
17	taxpayers that they do represent that they
18	would not have any issue with coming forward
19	here in a public setting and discussing the
20	issues that the city currently faces.
21	Certainly at this point in time the city
22	faces tremendous challenges and it requires
23	all of our elected leaders to come together
24	and find solutions to resolve these issues
25	once and for all so that the city of

	16
1	Scranton does have a bright future.
2	In regard to the parking garages, it
3	was reported that there they are in need of
4	\$10 million of repairs, certainly not
5	surprised by that. I know for quite some
6	time that this has been continuing to
7	escalate and that these parking garages have
8	been in disrepair for many years now. We
9	have had many issues with, you know, feces
10	and other inappropriate paraphernalia, you
11	know, homeless people taking shelter, a lot
12	of issues that certainly have been brushed
13	aside and we haven't taken serious.
14	My only question would be, I think
15	it's the most important question here is
16	where do we intend on coming up with any
17	funding that my be necessary to repair these
18	garages? Obviously, we can't let this slip
19	under the cracks. If these garages do need
20	repair, it's something we do need to take
21	serious but at the same time a city that's
22	strapped for cash certainly doesn't have \$10
23	million to come up with, so I guess my
24	question tonight would where do we intend o
25	coming up with any necessary funding that we

	17
1	may need later on down the road?
2	MS. EVANS: In my opinion, there is
3	no source for those repairs. Right now the
4	city is in a position where it certainly
5	must prioritize and in terms of the parking
6	garages the number one priority is repayment
7	of the bond issues, and I know that one
8	payment is forthcoming in March I believe
9	the 15th, and the city will be able to meet
10	that, but there are additional payments
11	coming around in June, September and
12	December, I believe, and it's imperative
13	that the city meet those financial
14	obligations, so there simply is no source of
15	revenue for garage repairs at this time and
16	I don't see that forthcoming in the next
17	year or two as well.
18	MR. MILLER: And it's also just my
19	opinion and belief that there is probably
20	going to be issue later on with coming up
21	with funding to make these bond payments as
22	well, and I think that's a really alarming
23	thing to look at is that we are going to
24	struggle to make these payments and it's
25	once again going to fall on the city's

shoulders and certainly the taxpayers of the city and that's why it's so important that we come up with a plan to address this and I think, you know, for the last few weeks we have discussed the idea of Standard Parking when they came in during that caucus they discussed, you know, a street meter program that allows to generate more revenue, whether it's increased rates, I know there were concerns are from businesses in the community, taxpayers as well, there was talks of the Saturday operations and certainly from some of those questions still need to be addressed, but I think the further we continue to just kick this can down the road and allow this to not come into effect, I think we are certainly putting ourselves in a tough spot later on down the road and, obviously, the taxpayers are going to carry the load and I know that this council is committed to putting the program together.

You know, I appreciate all of the businesses and residents who have come forward and addressed concerns, but I also

think they need to understand, as I have said before, without any action taken the burden is going to be placed on them, and I think these are things that we have to keep Do we want to look at additional in mind. tax increases to come up with the revenue or do we want to implement some sort of innovative plan that allows to generate revenue so that we can meet these obligations so that we can repair our You know, it's pretty embarrassing garages. that we don't even have the money to repair our garages and we have certainly allowed ourselves to become a laughing stock and we have made a mockery of ourselves because this administration has just ignored the essential priorities, and they played a lot of politics and have put us in a really difficult situation.

I'd like to move onto another issue, it was brought to my attention that, this was a request that was made by a resident that I talked to, apparently a large pothole has formed on the Harrison Avenue bridge, makes it little difficult to get around and

certainly when you are trying to avoid it you can be merging into oncoming traffic and certainly an accident could be in the makes there, so perhaps we can maybe send a letter to Mr. Dougher asking him to maybe take a look at it, I would appreciate that.

We talked tonight, it was brought up earlier about regarding bankruptcy and, you know, Mr. Ellman talked about not wanting to punish the residents of this city, and I think while we want to stay out of that subject about punishing we need to understand one thing that bankruptcy is the ultimate punishment, and I have been quite repetitive on this whole bankruptcy issue and my stance that I have taken against it that I do not feel it's the solution to the city's problems, regardless of what others may want to say. If you think bankruptcy is just going to overnight turn our problems around you are wrong. It's not going to. We don't want to see any burden placed on the taxpayers, but that will happen if bankruptcy is filed. The services that we take pride in every day, our police

F	
	21
1	protection, our fire protection, our DPW,
2	all those things that we may take for
3	granted time and time again we won't see
4	because they will be reduced from the
5	bankruptcy.
6	And I'm hopeful that in an effort to
7	generate revenue and to alleviate the burden
8	it was brought up last week that we want to
9	look into a public safety fee on nonprofits
10	and I'm hopeful that we are serious and
11	we'll stay committed to doing that because
12	the taxpayers have been punished enough.
13	Thank you.
14	MS. EVANS: Thank you. Ms. Carrera,
15	if we could please a send a letter to
16	Mr. Dougher regarding the pothole that
17	Mr. Miller mentioned on Harrison Avenue.
18	MS. CARRERA: Okay.
19	MS. EVANS: Thank you. Our next
20	speaker is Les Spindler.
21	MR. SPINDLER: Good evening,
22	Council. Les Spindler, city resident and
23	homeowner and taxpayer.
24	MS. EVANS: Good evening.
25	MR. SPINDLER: Nice to have you

	22
1	back, Mrs. Evans, I hope you are feeling
2	better.
3	MS. EVANS: Thank you.
4	MR. SPINDLER: You know, I usually
5	don't come up here and talk about other
6	speakers, but as Doug said week after week
7	Mr. Ellman comes up here and complains about
8	taxes and in the next breath he said we
9	should file for bankruptcy. Well, I told
10	him before, I said, "Don't you realize if we
11	have a receiver come in you are complaining
12	about taxes now a receiver could come in and
13	raise your taxes 125 percent if not more,"
14	so bankruptcy is not the answer. If are you
15	complaining about paying taxes.
16	Moving on, just a quick question
17	about the mayor's salary, it's going to be
18	\$75,000 after four years, will that be
19	permanent?
20	MS. EVANS: Yes.
21	MR. SPINDLER: Okay. Good. I think
22	that's a good idea, Unlike Mr. McGoff's idea
23	to put it back to 50,000, I thought that was
24	wrong. Okay, thank you. Talking about
25	parking meters, and I have gone by there a

bunch of times, the 700 block of Madison Avenue, it's the block up from Regional Hospital, there are two apartment buildings there and a single house and there are meters in front of those buildings. I don't know why there would be meters in front of places where people are living. I know if I lived there I would be furious about that. These people have to pay to park in front of their houses? I think that's ridiculous.

MS. EVANS: We can look into it.

MR. SPINDLER: It's the 700 block of Madison. There is like those two buildings, a private home, and then the Von Koch building is next to that, why there is meters in front residences is beyond me, and it's been that way for years. I can't believe these people haven't complained.

MS. EVANS: Perhaps they are not operating, do you know? But, nevertheless, they can still be removed and placed elsewhere where they will be useful.

MR. SPINDLER: Right. Two weeks ago Councilman Rogan commented about responses he got from Director Dougher of the DPW, I

	-
	24
1	guess it's safe to say none of them were
2	requests I put in?
3	MR. ROGAN: No. It was nice to have
4	that stack of about ten responses, but I
5	think there is probably a few hundred or
6	maybe a thousand outstanding over the past
7	few years.
8	MR. SPINDLER: Well, the one request
9	I did make back in November, the street sign
10	that was stolen, two Mondays ago that was
11	replaced, on the corner of Bullsworth Street
12	and North Rebecca Avenue. There is one
13	problem it's North Rebecca Avenue, on the
14	sign it says "North Rebecca Street."
15	That's incorrect. The sign was made
16	incorrectly, and I have these things in
17	writing I'll give them to Ms. Carrera when
18	I'm done. I don't know whoever made that
19	sign it's wrong. And another street sign,
20	the corner of Price Street and North
21	Lincoln, and I have that in writing, that
22	sign has faded to the point where you can't
23	even see it. So that's, like, if an
24	emergency vehicle is looking for that area,
25	and I do have that written down.

Lastly, an article in the paper today about the DA finding no wrongdoing with Liz Randol losing -- giving her gun to someone that lost it, maybe that's not a crime, but to me it shows a lack of responsibility and judgment. She gave her gun to somebody to clean and this person had a shady background to begin with. If you are a gun owner you should know where that gun is at all times, 24/7, and this gun was found on the street. Thank God no criminal found this gun and used it in a crime. And she wants to run our city? I don't think she has the judgment to run our city and bring us out of the terrible situation that we are in with our finances. Losing a gun is just, like I said, it's a lack of responsibility in judgment. If she wanted it cleaned she should have taken it to a gun shop and have it done professionally. Don't give it to someone with a shady background. That's not someone I want running this city. That's all I have this week. Thank you. MS. EVANS: Thank you. And. Mr. Spindler, thank you very much for

17	MS. EVANS: Thank you. Is there
18	anyone else who cares to address council?
19	MR. SBARAGLIA: Andy Sbaraglia,
20	citizen of Scranton. Fellow Scrantonians, I
21	noticed in your legislation "C", I guess its
22	5-C, the establishing of on-street parking
23	requested by the hospital, why would the
24	hospital with three parking garages request
25	on-street parking? And they did the study,

	27
1	of course, when they do a study how is that
2	study going to turn out? I don't quite
3	understand? Why they would want nine
4	on-street parking spaces, and I suspect that
5	if they get them they will be metered, and
6	that would be more of a slap in the face to
7	them than anything else. I don't understand
8	it. They got three garages and yet they
9	want on-street parking. We'll never know.
10	Okay, we don't have much
11	responsibility with the Scranton Lackawanna
12	Health and Welfare Authority, do we really?
13	MS. EVANS: No. No. I believe that
14	the mayor makes appointments to that
15	committee, but I know often times the city
16	or the county would be used as a passthrough
17	for loans that they are obtaining for
18	various organizations, so that's what's
19	occurring on tonight's agenda and the city
20	does not guarantee that.
21	MR. SBARAGLIA: No, it's 2 1/2
22	million, I just was worried about the
23	Authority. Who guarantees the Authority?
24	MS. EVANS: I don't know.
25	MR. SBARAGLIA: I don't care what

they do, the question is if they are guaranteeing loans how does that reflect on the city. I know the people that get the loans are supposed to be responsible for the loans, but I just wonder how that works because, you know, Lackawanna College they will get into that many, many times, that fund, and you got money for them for various projects and I just wonder as they keep getting into these, you know, these projects what is the legal responsibility of either Lackawanna County or the City of Scranton should any of these projects fall through being that they were out there recommended? I just wondered. It was a curiosity. MS. EVANS: Would you like us to make that request of the Authority for you to respond to it? MR. SBARAGLIA: Well, you could it's for everybody in the city and Lackawanna County, not just for me. Should there be

any way around the thing that we could be hit for some of these things that are being done then I would like to know about it and I would like council to know about it. In

Mrs. Krake, 14 if we could send a letter to the organizational group asking what their 15 16 responsibilities in terms of the debt. Ι 17 know that the city is not responsible, that 18 is a matter of fact, but we certainly can 19 ask what their responsibilities would be. 20 Is there anyone else who -- oh. 21 MR. DOBRZYN: Good evening. Dave 22 Dobrzyn, I have some articles that I 23 reprinted, I'm going to give them to two 24 people. 25 MS. EVANS: State your name, please.

	30
1	MR. DOBRZYN: What's that?
2	MS. EVANS: State your name, please.
3	MR. DOBRZYN: Oh, my name is Dave
4	Dobrzyn. Resident of Scranton, taxes paid.
5	Now, they're on economics, so it might be
6	something that you are interested in. It
7	has something to do with the trade deficit
8	and why government spending doesn't always
9	help to increase. I'm sorry, Pat, I ran out
10	of ink, so if you really hassle me when I
11	get a new cartridge or maybe some can pass
12	it along.
13	MR. ROGAN: I'll make a copy after
14	the meeting.
15	MR. DOBRZYN: What that?
16	MR. ROGAN: I'll make a copy after
17	the meeting.
18	MR. DOBRZYN: All right. Thank you.
19	Now, I have two questions here, and I
20	decided to be a gentleman and put them in
21	writing for a change, why did the county
22	commissioners decline insurance
23	consolidation of the city and county
24	consortium, and is it possible to study tax
25	exempt percentages and find ways of locking

	31
1	out further erosion of our tax base and does
2	it does council think it's prudent to
3	answer this question before we find even
4	higher amounts of city properties become
5	exempt?
6	Currently, we are at 33 percent and
7	our hole in the budget is about 33 percent
8	of property taxes. If we had 150 percent or
9	more property taxes we would wouldn't have a
10	hole in the budget, so I'll give this to Ms.
11	Carrera.
12	MS. EVANS: I know that we have
13	already sent the letter to the commissioners
14	regarding the issue of their declining to
15	participate in a health care consortium.
16	They have not responded as of yet.
17	With regard to the second issue, you
18	know, it's unfortunate, but even the state
19	seems to be taking increased measures, I
20	know that our state senator, John Blake, is
21	involved in this, taking increased measures
22	to protect the nonprofit
23	MR. DOBRZYN: Right.
24	MS. EVANS: standing of tax
25	exempts. And also, you know, while we are

1	
	32
1	on the topic of the county, the county
2	commissioners were not now, not all three
3	but two of three, were not terribly
4	interested in joining efforts with the city
5	and the school district in terms of pursuing
6	PILOTS from tax exempts.
7	So it's a very difficult situation
8	when you have elements of government that
9	appear to be working against the citizens to
10	the benefit of the nonprofit community.
11	MR. DOBRZYN: We are about 30
12	percent of the population of the county and
13	so we have two to one lined up against us,
14	but I think what would be interesting to
15	look into the feasibility of a study, I have
16	gotten involved with the Taxpayers'
17	Association again and maybe we could get
18	some legal advice on that and it's almost a
19	deal for the Supreme Court because it has
20	gone too far. Everybody is putting us here
21	and just pay us, you know.
22	And last week there was an article
23	on dead meters, and I notice quite a few of
24	them when I parked downtown, and Mr. Joyce

commented on it and ${\ensuremath{\text{I}}}$ would say it was

around the 14th of February, I think it was the second week, the meeting of February, that I parked in front of a dead meter, which I didn't owe anything at that time, but, you know, I noticed the whole row in front of the Guild Studies was dead and it's ashame that these corporations want us to trust them when they are doing such shoddy I mean, somebody -- they are supposed work. to be taking care of it and they are not, so how do we sign off on the deal with them? Ι think they have undermined their trust quite a bit and they have some answering to do. Lucy, you got some explaining to do.

There is a low cost neuter clinic, the number is 570-994-5846, it's EPAA, it's \$60 for a cat, we have some terrible animal problems in the city, and some people are moving out of the apartments and they just push the cat out the door and unneutered and we have a problem.

I'd like to express support for the current council and I hope it will remain similar. I hope you people will run again and I'm sorry for all of the harassment you

1	MS. EVANS: Thank you. Is there
2	anyone else?
3	MR. MORGAN: Good evening, Council.
4	MS. EVANS: Good evening.
5	MR. JOYCE: Good evening.
6	MS. EVANS: Your name?
7	MR. MORGAN: My name is Lee Morgan.
8	I generally forget to say that all the time.
9	MS. EVANS: Well, we all know, but
10	so that the people at home just in case you
11	get new viewers.
12	MR. MORGAN: Okay. You know,
13	listening to prior speakers you know, speak
14	about the state of the city I think it's
15	important to realize that what's really
16	happened here is so many voters have walked
17	away from the polls and so many voters vote
18	without knowing what they are voting for
19	that I'm not surprised that we find
20	ourselves where we are. My opinion is that,
21	you know, people need to really be informed
22	before they make a vote. I don't think the
23	city is that much different than the county
24	or the state or the federal government, Obut
25	the federal government is the lucky party

1	36 because they can print money.
1	because they can print money.
' II	
2	With that said, I'd like to say, and
3	I don't know if Mr. Rogan is allowed to
4	respond or not, but, Mr. Rogan, from what I
5	have been lead to believe, and I could be
6	wrong, but I believe I read in the newspaper
7	that you are for a partial privatization of
8	the DPW.
9	MR. ROGAN: You want me to respond
10	now?
11	MR. MORGAN: Sure.
12	MR. ROGAN: Sure. I think something
13	has to be done in our Department of Public
14	Works to save money. I would prefer to
15	privatize and collect garbage in four days
16	and have a fifth day for maintenance and
17	repairs. If that cannot be negotiated then
18	privatization is an option.
19	MR. MORGAN: Now, I don't retract
20	last week's statement in regard to the
21	city's unions picking bad candidates and
22	backing candidates for public office, I
23	think that's taken us the wrong way, but I
24	would like to say something about
25	privatization. Now, I don't know if you

know anything about Carbondale, but they privatized their trash collection and I'm just curious what you believe a living wage to be because their drivers make \$11 and the people putting the garbage in the back of the truck make minimum wage, and I just think that communities can't balance their budgets on the back of the people who work in their cities.

I don't see a big difference between myself and any employee in this city because we all go to work to do one thing, to earn a living and do the best job we can possibly do when we are at work, and I just think that we keep listening to the federal government and government on every level saying that the solutions to our problems are that we have got to privatize, and we can't run like the governor said we can't run the lottery now and they want to sell the liquor stores, well, in the end the people aren't going to have anything about massive debt, no assets and the company is going to own everything and this country is in really bad shape. We have a lack of

leadership in the unions because too many times they go off on tangents that they are very destructive, but when you listen to what's taking place in the federal government in regard to trade and in regard to Western Pennsylvania and in regard to our natural gas boom, I mean, they are saying that we have got to keep Chinese people working making products for us because they work so cheap, and I just think that if we keep going to the lowest common denominator we are going to have a society of people that just make no wages and we are going to become a two class society with no blue collar middle class, just the surfs and the leaders.

And, I mean, you know, you sit here and listen to people discuss issues and everybody is afraid of the word bankruptcy, but when you go and you talk to the people who live in the city they can't pay anymore so what's the solution? We are talking about the parking garages. I talked to Mr. Scopelliti about the condition of the parking garages, the people that he had

	39
1	working for him were doing all they could
2	with their limited abilities. Everybody
3	knew where the Parking Authority was.
4	And I'm just saying that, you know,
5	maybe it's time for the voters to wake up
6	because you can use see the way things are
7	taking place here. Look at the
8	investigation by the FBI of the Court
9	system, they are going after the assistant
10	court administrator and the guardian. No
11	judges. I think Ozzie brought up about an
12	investigation about the district attorney, I
13	think the FBI needs to go in and investigate
14	the district attorney and the things he
15	does, okay, because I wouldn't ask the
16	district attorney to do an investigation for
17	me because I'm fairly versed in his office
18	and I have no faith in him or his office.
19	I have been out here a long time, I
20	have studied a lot of things and I have paid
21	a lot of attention, and I just am very
22	troubled by where we find ourselves, but I
23	think that I don't know where the

I'll give you an example, maybe people didn't see this, but I saw it and it never left my mind, a couple of months ago Gary Lewis spoke, and while he was at the podium he really lost it. He started banging things around and he got huffy. He was really out of control and all I could think of, "This is the man that's running for mayor?"

And another thing I'm not really crazy about, I'm not crazy about some people who never come to council ever, but when they run for office they all of a sudden show up and they speak. Now, Doug Miller has been coming to council for years, so he is interested in the city, but like Gary Lewis comes all of a sudden, now we find out he is running for mayor. Well, there's why, there's the agenda. This is what I'm

	43
1	
1	speaking about. People have to know.
2	And I'm looking to forward to
3	checking into the voting record of Bill
4	Courtright to express what he voted for, I
5	could give you another thing he voted for.
6	There was a loan for \$35 million that
7	Mr. Doherty Mayor Doherty wanted, Billy
8	voted for it. That's just one of many loans
9	that Bill Courtright voted for that we, the
10	taxpayers, have to pay. People don't
11	realize this about it him, and I think it's
12	very important to know and I'm going to
13	check into the voting record and I'm going
14	to come back to council and say whatever it
15	is about anybody.
16	Mr. Rogan, if I agree with you I'll
17	say it, if I don't I won't, just an example.
18	And, Mr. Joyce, you, for example, I think
19	you are brilliant. I think that this city
20	would be in the best financial position with
21	you as tax collector and they couldn't ask
22	for a more brilliant man.
23	And that's all I have to say. I
24	just wanted to make it clear that people do
25	have a right to come here and I know you
_

5	MS. EVANS: You know, I would agree
6	with that. There are many, many statements
7	that have been made from that podium with

10	everyone has First Amendment right to free

1	dollars. So that is the list of all of
2	loans listed on the portfolio that are
3	satisfied, open and in litigation.
4	And since I finished with Molly
5	Brannigans I do want to once again bring up
6	the parade, it was brought to my attention
7	that there are two bars in the city that
8	have been closed for quite some time that
9	the city might be allowing them to open
10	specifically for parade day. You know,
11	obviously if you're a business owner
12	downtown parade day is probably one of their
13	most profitable days of the year, and I
14	certainly wouldn't want to hurt a business
15	owner, but with these two businesses that
16	they may be opening I do have some
17	questions. Are they approved by the Liquor
18	Control Board? Is there still an active
19	liquor license? Will they be paying
20	mercantile taxes to the city on those sales?
21	Will all proper procedures be followed? And
22	I really do think it would be unfair for the
23	city to allow businesses to practice to
24	open for a day or two while you have
25	businesses in the downtown that are open to

serve the residents of Scranton 365 days a year or five days a week at least and then to allow two other businesses just open for one day. It does seem a little bit unfair. Also on the parade, a couple of residents sent me messages today asking what the cost of the parade is to the taxpayers and also if the city will be sending any portion of the bill to the parade committee, so I will send those in to you, Nancy, once I get those typed up. So that's obviously an issue and I'm a supporter of the parade, I think it does bring business to the city as long as everything is maintained, but it is a strain on the downtown, obviously, with added police, and blocking off the roads, so I hope once again that it will be a very safe and enjoyable festivity. Two other issues that I wanted to bring up, one that is a good issue and, you know, a positive story and one that is very saddening. I was contacted by residents in Pinebrook during the week and there was a

missing person in the neighborhood.

contacted myself, Chief Graziano and dispatcher, I know I'm pronouncing his name wrong Alusio from the Pennsylvania State Police and the man who lives in Pine Brook wandered and walked all the way up two counties away in Honesdale, one county away, up in Honesdale, which I'm in my 20's, I don't know if I could make that walk and through the hard work of the Pennsylvania State Police and Chief Graziano and everyone involved the man was found and returned home safely, so that's a very good story and they deserve a job well done for that.

And finally, I would just hope that everyone would keep in their prayers the two prison guards at the federal prison, one who was stabbed by an inmate and one who actually committed suicide following that. It's a terrible situation that happened and hopefully the justice system will prevail for the person that committed this terrible act. So I hope everyone keeps them in their prayers and that is all I have for tonight. Thank you.

MS. EVANS: Thank you. And,

	49
1	Mr. Rogan, I was thinking as you were
2	speaking about the parade and the costs
3	involved, very likely the greatest cost
4	would be those incurred through DPW
5	services.
6	MR. ROGAN: Clean up as well.
7	MS. EVANS: Tremendous clean up and
8	it would seem that perhaps the businesses
9	who, you know, enjoy a great financial boost
10	that day might consider contributing to the
11	cost of the DPW overtime clean up that
12	occurs on Sunday and, you know, I know that
13	this wouldn't apply to every business, but I
14	think, you know, the restaurants and the
15	bars, etcetera, there is inordinate amount
16	of work that goes on afterward and that's
17	the taxpayers absorbing those costs and it
18	would be very nice if the businesses would
19	be helpful in sharing those costs, so if you
20	want to include that?
21	MR. ROGAN: Absolutely. I'm going
22	to type everything up and I'll send that in
23	tomorrow morning.
24	MS. EVANS: Thank you. Councilman
25	Loscombe, do you have any comments or

	50
1	motions tonight?
2	MR. LOSCOMBE: I'll pass on comments
3	this evening. Thank you.
4	MS. EVANS: Thank you. Councilman
5	Joyce, comments or motions?
6	MR. JOYCE: Yes. I'm going to be
7	rather brief tonight. Scranton City Council
8	has received information from the Single Tax
9	Office regarding the funds distributed to
10	the city as of the end of February.
11	In regard to current real estate tax
12	collections, the Single Tax Office had
13	collected and distributed \$4,893,392.08 to
14	the city. During the same period last year,
15	the office collected and distributed
16	\$3,760,304.08. This is an overall increase
17	of \$1,133,088 more, a 30.13 percent increase
18	in the current real estate tax collections.
19	Along with current real estate taxes
20	the Single Tax Office also collects prior
21	year delinquent real estate taxes. As of
22	the end of February, the Single Tax Office
23	collected and distributed \$72,072.35. In
24	the prior year delinquent real estate taxes

As one knows, Northeast Revenue collects and distributes delinquent real estate taxes, with the exception of the prior year, which is handled by the Single Tax Office. During the month of February, Northeast Revenue collected and distributed \$53,856.77 in delinquent real estate taxes.

I do have a few citizens' requests tonight. First is concerning the 100 and 200 block of North Everett Avenue. Various residents living on the 100 and 200 block of North Everett Avenue had contacted me regarding the condition of the road. Upon visiting these blocks, it can be seen that there are numerous potholes in both blocks

	53
1	scattered throughout the street which are
2	making travel conditions very difficult for
3	residents. Mrs. Krake, please contact
4	Director Dougher and inform him about the
5	situation and ask him to handle the
6	situation promptly.
7	As per Mr. Miller's request, during
8	the meeting earlier there are large potholes
9	on the Harrison Avenue bridge. If we can
10	please add that to the issues to contact
11	Director Dougher about, and as per
12	Mr. Spindler's request please contact
13	Mr. Dougher and inform him that the street
14	sign on the corner of Price Street and North
15	Lincoln is faded and need replaced.
16	And finally, with the parade day in
17	Scranton coming up this Saturday, I'd like
18	to remind all patrons of the parade to be
19	safe, don't drink and drive, and if you do
20	drink at the parade please invest in a taxi
21	cab for a ride home and insure safety to all
22	of the patrons of the parade. And that's
23	all I have for tonight.
24	MS. EVANS: Thank you. Good
25	evening. I wish to apologize for my

absences from the last two city council meetings because of illness. I have never taken my duties and responsibilities lightly and as a result I continued my work from home because the job of a president is more demanding and extensive than what occurs on Thursday evenings.

Also, I'd like to sincerely thank everyone who sent get well cards and flowers. Your good wishes and support were deeply appreciated and inspired me to keep on top of the people's work.

I have only a few issues to briefly discuss tonight. First, Mrs. Krake, please send a letter to the mayor and the BA requesting of date when the RFP for parking meter management will be advertised and a response on or before March 12, 2013. I had expected management to be advertised for bid two weeks ago and spoke the mayor about such again last week.

In addition, city council strongly recommends that the parking meter enhancement program is rebid, particularly in light of the fact that the last bid

55 occurred in 2012 and no contract was award. 1 2 Council prefers that meeting resetting or 3 zeroing out at time expiration is included in the bid specs. 4 5 Second, Mrs. Krake, please send a letter to the Griffen Pond Animal Shelter 6 7 requesting responses to questions and 8 related data regarding the number of the 9 animals delivered by the city's animal control officer and associated costs. 10 I'11 11 provide questions and related information to 12 our office following tonight's meeting. 13 Third, please schedule a meeting 14 with Mr. Seitzinger and Pinebrook Neighborhood Association officers in 15 16 council's office ASAP, Mrs. Krake, to settle rooming house inspections in Pinebrook. 17 18 Although I spoke with Mr. Seitzinger on 19 February 14 regarding this issue, it appears 20 that he has assigned neither an inspector 21 nor an inspection date. However, in 22 response to questions regarding garbage fees 23 for properties in the Pinebrook that were 24 posed by the Neighborhood's Association 25 officers there are two garbage fees and both

	-
	56
1	were paid timely in 2012.
2	Finally, I received a response from
3	Civil Crossroad Consulting Engineers
4	regarding Lake Scranton Road residential
5	concerns which recommends that four actions
6	are taken at a total cost of \$9,800.
7	In addition, any tasks outside the
8	scope of work, for example, meetings, cost
9	estimates, bid packaging, etcetera, will be
10	build in accordance with the 2013 fee
11	schedule of Civil Crossroads Consulting
12	Engineers in which hourly rates range from
13	30 to 75 dollars.
14	Now, if my colleagues agree, I will
15	direct Solicitor Hughes to draft a
16	appropriate legislation to provide funding
17	from the UDAG account for payment to Civil
18	Crossroads to perform its recommendations.
19	Since the administration has refused to post
20	signage in compliance with the legally and
21	lawfully adopted ordinance of 2012, it
22	clearly would not draft such legislation.
23	If the residents are to be represented and
24	their quality of life protected, council
25	should pursue its own legislation and

1	57
1	propare to everyide the mayor's yets of such
	prepare to override the mayor's veto of such
2	in the future, and that's it.

16	MS. EVANS: Yes. I hereby declare
17	Item 7-B legally and lawfully adopted.
18	Mrs. Krake, before we adjourn, if we
19	can contact someone in the maintenance
20	department
21	MS. KRAKE: I think I know what you
22	are going to say. It's funny you mentioned
23	that. I was actually in the mayor's office
24	to sign contracts two days ago, and I asked
25	the mayor's secretary Stephanie to leave a

note for the mayor that five of our lights were out and that are meetings are in the evening and it's very dark. I also noticed last week after the meeting the emergency lighting was out so Mark Seitzinger had told me that was possibly that was due to, you know, maybe just a fuse, so that's okay, well know tonight on our way out, but he told me here that he was waiting to find a lift, so I expressed my sentiments to the mayor's secretary that I don't think it's all that hard to find a lift or I'm sure we could use scaffolding. There is also polls you can use. So if you would like though I had the same thought as you, I will definitely mention it again.

MS. EVANS: Yes, please tomorrow and then, you know, if need be I'll call the mayor and tell him myself because, you know, this is really inexcusable. If there is no further business --MR. HUGHES: Madam President, if I

could, just one issue that came up about the Scranton Lackawanna Health and Welfare Authority tonight?

	65
1	MS. EVANS: Yes.
2	MR. HUGHES: Item 5-D, which is
3	approving at least the ordinance for the
4	financing by Community Life Support Systems,
5	by the Scranton Lackawanna Health and
6	Welfare Authority, if you would look at
7	Section 3 of the ordinance, it states, "The
8	approval granted hereby shall not in any way
9	pledge or obligate the creditor taxing power
10	of the city nor shall the city be liable for
11	the payment of the principal of or interest
12	on any obligation issued by the Authority in
13	connection with the 2013 project."
14	So that issue came up with the
15	Scranton Lackawanna County health and
16	Welfare Authority. At least as to this
17	issue there is no guarantee.
18	MS. EVANS: Yes.
19	MR. HUGHES: It's just my general
20	understanding that that the city does not
21	guarantee any obligations of the Scranton
22	Lackawanna Health and Welfare Authority, but
23	at least on this issue tonight on this
24	ordinance, this specifically states that the
25	City of Scranton has no obligation.

	66
1	MS. EVANS: Yes. Thank you.
2	MR. HUGHES: There is no guarantee
3	of the city of this financial obligation.
4	MS. EVANS: Thank you. That
5	validates what I said earlier.
6	And if there is no further business,
7	I'll entertain a motion to adjourn.
8	MR. JOYCE: Motion to adjourn.
9	MS. EVANS: This meeting is
