| 17 | tonight, both are dealing with the 150th     |

| 11 | will receive a \$1,000 scholarship and they  |
| 12 | will base it upon an essay that they are     |

| 15 | the 2013 audit is 320 days overdue. Could    |

| 17 | MR. MCGOFF: As I said in the caucus,         |
| 18 | I received an e-mail that the auditors and   |
| 19 | the business administrator are reviewing the |

| 22 | MS. HODOWANITZ: I would request that         |
| 23 | we have the audit once it is published       |
| 24 | promptly posted for the city website.        |
| 25 | With regard to 5-B, the contract for         |

SB and Company for the audits from 2014 through '17, I looked at the background papers and I realize this is a very lengthy proposal so I only draw your attention to page 27 of the time line. I am particularly interested in what will be the deadline for the 2014 audits since we are already run late on it, but I'll read you what it says because I can't figure it out. "SPC understands the time schedule indicated in the RFP and is committed to dedicating sufficient resources to completing the proposed scope of work by the city's time schedule." I haven't seen that RFP schedule. "Our goal is to be substantially complete by the June timeline of the first year audit, that's the 2014 audit. We would accelerate the audits in subsequent years to be done by June 30. Below is our proposed schedule."

And they have the milestone for the first year audit for 2014 finalization for within 14 weeks of award. Now, they don't specify a date, but if you approve this contract next week, 14 weeks would put you at July 30, so I have two questions: What

| 1  | is the precise deadline for the 2014 audit   |
| 2  | and if SPC misses the deadline what actions  |
| 3  | will the administration take? What kind of   |
| 4  | the follow-up will there be? I would not     |
| 5  | like to see a repeat of our problems with    |
| 6  | Robert Rossi & Company where every week just |
| 7  | wait and wait and wait, so I'll leave these  |
| 8  | questions.                                   |
| 9  | I left several questions last week,          |
| 10 | I'm wondering if you have any answers, do we |
| 11 | have any idea how much money we are paying   |
| 12 | Rossi for his work on the 2013 audit?        |
| 13 | MR. MCGOFF: I don't have that                |
| 14 | number.                                      |
| 15 | MS. HODOWANITZ: Okay, I'll keep              |
| 16 | looking for that.                            |
| 17 | MR. MCGOFF: It's in the record               |
| 18 | somewhere.                                   |
| 19 | MS. HODOWANITZ: We are paying                |
| 20 | \$46,292 to Baker Tilly to help, it's going  |
| 21 | to be an expensive audit.                    |
| 22 | Have we ever had to hire an outside          |
| 23 | firm like Baker Tilly to have help with      |
| 24 | their annual audits before? Have we ever     |
| 25 | had to do that before or is this the first   |
|    |                                              |

| 1  | time we are hiring a second audit firm to   |
| 2  | help with the annual audit?                 |
| 3  | MR. MCGOFF: We did it this past             |
| 4  | year.                                       |
| 5  | MS. HODOWANITZ: Well, we used Baker         |
| 6  | Tilly at the end of the year but prior      |
| 7  | MR. MCGOFF: Well, Parenti was               |
| 8  | MS. HODOWANITZ: It's Baker Tilly.           |
| 9  | They used to be Parenti-Beard, before       |
| 10 | Parenti-Randolph.                           |
| 11 | MR. MCGOFF: Oh, I'm sorry.                  |
| 12 | MS. HODOWANITZ: Okay? But I'm               |
| 13 | wondering prior to this current disaster    |
| 14 | have we ever had to hire an outside firm?   |
| 15 | Basically we are outsourcing the audit work |
| 16 | is what we are doing.                       |
| 17 | MR. MCGOFF: Yes.                            |
| 18 | MS. HODOWANITZ: When was that, do           |
| 19 | you remember?                               |
| 20 | MR. MCGOFF: I have no idea.                 |
| 21 | MS. HODOWANITZ: Well, I'd be curious        |
| 22 | to know.                                    |
| 23 | MR. MCGOFF: I wasn't saying that            |
| 24 | yes, we had done it before.                 |
| 25 | MS. HODOWANITZ: I'm curious though          |
|    |                                             |

because if we have to outsource functions 1 2 that belong upstairs then we need to take a 3 look at how we are training our staff maybe, you know, they need to be trained so it gets 4 5 done in-house as well it should be. So I'll let those questions stand and I'll check on 6 7 the status again next week. Thank you. 8 MR. MCGOFF: Thank you. Anyone else 9 who wishes to address council? 10 MS. SCHUMACHER: Good evening. Marie 11 Schumacher. First again, I would like to 12 thank the DPW crews that have been keeping 13 the intersection of Mountain Lake and Yesu 14 passable, it's far from being a permanent fix but at least it's passable now and I 15 16 really appreciate it as I'm sure others who 17 use that road twice a day at least 18 appreciate it. 19 You know, last week when I talked 20 about the two articles about the new 21 superintendent of the schools and what the 22 three entities who have hired Mr. Amoroso I 23 missed the biggest point which is the 24 perception it gives to the community, and 25 maybe the reason I didn't get it out last

week was because I found today I was reading an article on foreign aid, and I'm going to read the article as it is and then paraphrase it for what it makes at least me, and I'm sure others, because I'm not unique, feel. This is from Reason magazine and it's Dambisa Moyo has a personal perspective on the matter. In her 2000 book "Dead Aid, Why Aid is Not Working and How There is a Better Way to Help Africa" the Zambian born economist characterizes foreign aid to Africa as "An unmitigated economic, political and humanitarian disaster that has actually made the continent poorer. Africans will never see their governments as legitimate, she explains, as long as most of the spending for education and health care comes from foreign countries. To Mayo, continued aid spending reinforces the perception that African governments are ineffective and makes it nearly impossible for them to break free

from dependents on foreign help sketching the sad outcome for outside observers, she writes, stuck in an aid world of no

|----|----------------------------------------------|
| 1  | incentives there is no reason for            |
| 2  | governments to seek other, better, more      |
| 3  | transparent ways of raising development      |
| 4  | finance.                                     |
| 5  | So, as I say, you could say to me            |
| 6  | continued use of external experts reinforces |
| 7  | the perception that Northeastern             |
| 8  | Pennsylvania people are ineffective and it   |
| 9  | makes it nearly impossible for them to break |
| 10 | free from dependence on outside experts. We  |
| 11 | have no qualified people within our own      |
| 12 | ranks and, therefore, our government we have |
| 13 | to look at as ineffective if it can't do the |
| 14 | the job by itself and finds more transparent |
| 15 | ways of getting the job done.                |
| 16 | So that is, again, my biggest                |
| 17 | objection to the hiring of these externals,  |
| 18 | just I can't believe that there aren't local |
| 19 | people who couldn't perform the same         |
| 20 | MR. MCGOFF: I would say again,               |
| 21 | Mrs. Schumacher, that Mr. Amoroso is not     |
| 22 | hired by this council.                       |
| 23 | MS. SCHUMACHER: I know that.                 |
| 24 | MR. MCGOFF: If you have a complaint          |
| 25 | with that it should be addressed to the      |

| 3  | will, but he didn't hire them either. I'll   |
| 4  | complain to the three entities on how it     |
| 5  | makes the people feel.                       |
| 6  | And now to Mr. Rogan, have you               |
| 7  | looked a the 2014 caper since it came out?   |
| 8  | MR. ROGAN: No as of yet, no.                 |
| 9  | MS. SCHUMACHER: Pardon?                      |
| 10 | MR. ROGAN: Not as of yet, no.                |
| 11 | MS. SCHUMACHER: Well, I would                |
| 12 | encourage you to expedite your doing that, I |
| 13 | noted in the section on CDBG fund and        |
| 14 | economic development activities in the 2012  |
| 15 | audit there were 43 companies listed as      |
| 16 | borrowers, in the one for last year there    |
| 17 | are six, and I would like to know what       |
| 18 | happened to those companies that are no      |
| 19 | longer listed in here? I would like to know  |
| 20 | whether or not they completed their          |
| 21 | payments, I would like to know if the jobs   |
| 22 | still exist that supposedly were created by  |
| 23 | those companies and anything else that you   |
| 24 | think is relevant, and I would also          |
| 25 | encourage you to find out on that Alexander  |

| 4  | the original interest rate or if it still is |
| 5  | at a half of 1 percent interest, so          |
| 6  | MR. ROGAN: That one I can answer, it         |
| 7  | went back to the original interest rate.     |
| 8  | There wasn't any legislation to change it.   |
| 9  | MS. SCHUMACHER: Would you just               |
| 10 | verify that that happened?                   |
| 11 | MR. ROGAN: It did happen. We didn't          |

| 15 | MR. GAUGHAN: Thank you.                      |
| 16 | MR. DOBRZYN: Good evening. Dave              |
| 17 | Dobrzyn, resident, taxpayer. Last week I     |
| 18 | was trying, and several weeks before, to     |
| 19 | make some people realize that it's time to   |
| 20 | start thinking about what other people are   |
| 21 | going through, that was it, and I wasn't     |
| 22 | necessarily complaining about us, we have a  |
| 23 | simple solution to our economic future,      |
| 24 | don't have a family. You don't cost the      |
| 25 | school district \$10,000 a year per kid and  |
|    |                                              |
|    |                                              |

|    | 15                                           |

| 1  | you don't you can do what you what want      |
| 2  | with your life.                              |
| 3  | Now, on the local issues, speeders,          |
| 4  | I brought that up for years and they're      |
| 5  | still racing away, probably twice the speed  |
| 6  | limit so, please. The pave, I'm glad to      |
| 7  | hear that we are doing something to pave, as |
| 8  | far as I'm concerned 75 percent of the       |
| 9  | potholes in this town are thanks to the gas  |
| 10 | company and the water company and possibly   |
| 11 | the sewer authority and there is some        |
| 12 | horrible paves, just go up the next street   |
| 13 | on Mulberry Street. That was just paved two  |
| 14 | years ago and it's a mess. Big divot in the  |
| 15 | street and, you know, you have Davis Street  |
| 16 | and Moosic Street and they are all a mess,   |
| 17 | right after they have been paved, so you     |
| 18 | can't make them replace all of the           |
| 19 | infrastructure because the whole country     |
| 20 | infrastructure is crumbling because of our   |
| 21 | lack of attention on it, but we can make it, |
| 22 | repair it right the first time on time.      |
| 23 | Recycling, I brought that up for             |
| 24 | years and it just nothing ever happens       |
| 25 | with it. The DPW union steward estimated to  |
|    |                                              |

me that only half of the possible recycling goes into recycling, the rest goes in the trash. I see aluminum cans, I see cardboard boxes, you name it, that's all money that somebody else is paying for, illegal dumps. The one above 307 by the bridge, the old rail bridge goes over, I see trucks going in and out, I brought that up four years ago, trucks going in and out of the Salvation Army there and there is no gate locked, why can't they give the firemen the gate if they need it for access, a key, but close the gates at the end of the day because I see trucks going in and out of there when I go up shopping at especially he Dollar Store is a good view and they are right near the bridge so I don't know what they are doing back there, but there is nothing back there but an open field and a lot of garbage, shingles, you name it, old wood.

Cars, I was trying to get out last week that once again cash for for clunkers, please, get rid of that old car and get your \$150 or \$200 bucks, some of them are high as \$500. A blown engine, a car with a blown

engine, an old police car, \$400. You couldn't get very far with that car, you got it just over the anthracite and was ready to just book so, you know, it did a lot more than what council ever did years ago, did a lot more. I saw a lot of them disappear and, furthermore, when I do hear that somebody had the cars removed and I walked past that in a court and I see a car in the next drive with an orange sticker that's all delipadiated and obviously nine months old, I mean, we are not doing things fairly. That car should have been gone, too. It's not this council, it was a council a couple of years ago but I don't want to see the same.

And on Mr. Amoroso I don't want to beat up on him, but it's time for a second opinion. The people that hired him are looking for their conclusion and their absolution to the situation that the city is in and we have 35 percent roughly tax exempts and they are just passing the buck and everything that was supposed to come out of outside hasn't materialized and now the

| 13 | MR. WECHSLER: Thank you, Mr. McGoff,         |
| 14 | just a few items this week. I'm sure as      |
| 15 | everyone from East Mountain was very happy   |
| 16 | that the firehouse with Engine 10 did not    |
| 17 | require any specific correction for the mold |
| 18 | problem because there wasn't a mold problem  |
| 19 | which was great news. The next thing that    |
| 20 | we are going to concentrate on though is     |
| 21 | getting the roof repair completed on that    |
| 22 | before the snow flies again this year        |
| 23 | because that will eliminate any problems or  |
| 24 | concerns that there are no mold up there.    |

| 2  | yesterday, they were mailed from central     |
| 3  | Pennsylvania, so they should be arriving in  |
| 4  | your mailbox tomorrow or Saturday.           |
| 5  | And the last thing I have, Id did            |
| 6  | receive a concern from a constituent in the  |
| 7  | 500 block of Seymour Avenue that a plow      |
| 8  | truck bumped the curb and caused about an    |
| 9  | eight to ten foot open in the curb allowing  |
| 10 | water to poor into this person's yard, I     |
| 11 | will be giving that to Mrs. Reed for         |
| 12 | distribution, and that's all I have this     |
| 13 | evening.                                     |
| 14 | MR. MCGOFF: Thank you. Mr. Rgoan?            |
| 15 | MR. ROGAN: Yes, just a very brief            |
| 16 | items. First, I want to thank the DPW for    |
| 17 | some good work they did. Last week I talked  |
| 18 | about I think it was last week or two        |
| 19 | weeks ago I talked about the sidewalks near  |
| 20 | where the viaduct is that links South        |
| 21 | Scranton and West Scranton and them being    |
| 22 | covered with we thought they were covered    |
| 23 | with dirt for many years, it turns out there |
| 24 | are no sidewalks under there. We thought     |
| 25 | they were, but the dirt is compacted so much |
|    |                                              |
|    |                                              |

it's very hard, almost like it is concrete underneath. But I did speak to the mayor and we are going to look to explore some other options for that area to try and make it a little bit safer for people going from West Scranton to South Scranton, pedestrians and a lot of bikers, bicyclists go through that area because you can hook up to the trail right down on there as well.

And, also, some residents from the Greenridge section complained about a number of issues in their neighborhood in the Woodlawn Street area and I'm happy to report that all three of those issues were corrected as well so thank you to Denny Gallagher and the DPW staff for all of those items.

And finally, I'm pleased that the city is finally getting a new provider regarding streetlights. It seems that every firm that's been getting a contract starts off doing a good job and then as it comes to the end of that contract they taper off. We saw this once previously, and then Joyce Electrical took over and they took over

initially I was very pleased, every request that we got that we put in they were fixed in a matter of days, but I'm sure anyone who watches the meetings heard myself and my colleagues mention numerous times streetlights that we're reporting, the residents were reporting, they are just not getting fixed and the idea of a company waiting until there is certain amount out in that particular neighborhood to go out and fix the ones that are out certainly isn't what we are paying for so we did receive a copy of letter that was sent out on August 2014 to Joyce Electrical stating that the contract would be cancelled if they did not comply and do the work and we see that happening tonight with our one item in Fifth Order, 5-D. So hopefully we will have -- we will see these lights that are out getting repaired once this new contract is enacted. I was hoping that we can expedite it to do it a little bit quicker, but it is two weeks as opposed to three, so at the end of next week's meeting hopefully the mayor will sign it the very next day and then they will get
