EMERGENCY SHELTER GRANT

The City of Scranton's Emergency Shelter Grant (ESG)

The Emergency Shelter Grant (ESG) is a federally funded program through the U.S. Department of Housing and Urban Development (HUD). The City of Scranton will receive approximately **\$150,000.00** for **2012** for use in emergency shelters for the homeless; for the payment of certain operating and social services expenses in connection with direct assistance to the homeless.

Scranton has developed its five-year Consolidated Plan (Plan) (2010-2014) as required by HUD, 24 Code of Federal Regulations, Part 91. The Plan serves as an application for Federal funds and as a strategic planning document which sets forth the program's goals, specific objectives, annual goals, and benchmarks for assessing performance in meeting the said goals and objectives. The One-Year Action Plan, which identifies our annual activities, must address the priority needs and specific objectives identified by the Plan. ESG regulations outline eligible activities that each project must meet.

ESG APPLICATION PROCESS: (One Original and One Copy are required for Submittal: No Facsimile Applications will be accepted). PROPOSED ESG APPLICANTS WILL ONLY BE CONSIDERED IF THE ESG APPLICATION HAS BEEN COMPLETED IN ITS ENTIRETY.

All applications must be submitted by mail or hand-delivered no later than **4:30 p.m. on Friday, August 5, 2011.**

City of Scranton
Office of Economic and Community Development
538 Spruce Street
Suite 812
Scranton, Pennsylvania 18503
Phone: 570/348-4216

Applications delivered after 4:30 p.m. or postmarked after the above deadline will not be considered for funding. It is the applicant's responsibility to ensure that the application is delivered or postmarked on time.

Applications will be available from the Office of Economic and Community Development or can be downloaded on line at www.scrantonpa.gov. Go to Department, OECD, Applications, ESG 2011 Application.

NOTE: Only the President, Vice President, or Directors of an entity has the authority to enter into and bind these entities to the subrecipient agreement. If an authority has been delegated, a copy of the resolution by the agency board must be submitted with the application.

ELIGIBLE ACTIVITIES:

There are four eligible activities of the ESG program. In order to be approved for funding, the project must meet the following criteria:

1. **Rehabilitation:** Renovation, major rehabilitation, or conversion of buildings for use as emergency shelters for the homeless.
2. **Essential Services** (30 percent cap): Includes services concerned with employment, health, drug abuse, and education, and may include **(but are not limited to):**
 - (a) Assistance in obtaining permanent housing.
 - (b) Medical and psychological counseling and supervision.
 - (c) Employment counseling.
 - (d) Nutritional counseling.
 - (e) Substance abuse treatment and counseling.
 - (f) Assistance in obtaining other Federal, State, and local assistance including mental health benefits; employment counseling; medical assistance; veterans' benefits, etc.
 - (g) Other services such as childcare, transportation, job placement, and job training.
 - (h) Staff salaries necessary to provide the above services.
3. **Operations:** The term "operating costs" means expenses incurred by a recipient operating a facility assisted under this subtitle with respect to :
 - (a) The administration, maintenance, rent, repair and security of such housing; and
 - (b) Utilities, fuels, furnishing, and equipment for such housing; and
 - (c) Not more than 10 percent of the grant amount may be used for costs of operational staff.
4. **Homeless Prevention** (30 percent cap): Efforts to prevent homelessness such as financial assistance to families who have received eviction notices or notices of termination of utility services if:
 - (a) The inability of the family to make the required payments is due to a sudden reduction in income;
 - (b) The assistance is necessary to avoid eviction or termination of services;
 - (c) There is a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and
 - (d) The assistance will not supplant funding for preexisting homelessness prevention activities from other sources.

REQUIRED FUNDING MATCH

Each ESG subrecipient must match the funding provided by HUD with an equal amount of funds from other sources. Furthermore, regulations require that all subrecipients provide HUD with details on the match – including the specific sources and amounts.

In general, matching funds provided by the subrecipient may include:

- (a) Amount of funds received from other sources;
- (b) Salary paid to staff (not included in the award) to carry out the project of the subrecipient;
- (c) Time contributed by volunteers (currently determined at the rate of \$5 per hour); and
- (d) The value of any donated material or building or of any lease calculated using a reasonable method to establish a fair market value.

EMERGENCY SERVICES GRANT APPLICANTS

(As per HUD Regulations [24 CFR 576.21(b) (1)])

Per HUD regulations funding to sub-grantees must qualify under one of two areas. Either the project must provide a new service or provide a quantifiable increase. A new service is defined as funding to a source that has received funding in the past, but with different, or new, restrictions and guidelines. A quantifiable increase is simply an existing service that will serve more people than in the past.

Below please check which area your service qualifies for and support your selection with instructions and/or data.

5. On February 9, 2006, HUD published the Consolidated Plan Revisions and Updates Final Rule, which was to streamline the consolidated planning process and make it more results oriented and useful to communities in assessing progress toward addressing the problems of low-income areas. On March 13, 2006, the provisions of the final rule became mandatory for all formula grantees and a final notice dealing with the Outcome Performance Measure System for Community Planning and Development Formula Grant Programs was published in the Federal Register/Vol. 71, No. 44. Grantees are required to incorporate the prescribed performance measurements into Consolidated or Annual Action Plans. The grantee is to determine which of the established Objectives and Outcomes best achieve the goals of the Consolidated Plan for each proposed activity based on the type of activity and its purpose. Objectives reflect the statutory goals of providing decent housing, a suitable living environment and expanding economic opportunity; outcomes refer to the benefits to the public/program participant that are external to the program; the outcome statement connects each outcome to an overarching objective to produce a statement that can be used by HUD to develop narratives which will document results of program activities on a national level.

DOCUMENTATION OF HOMELESSNESS

HUD encourages that ESG-funded recipients maintain adequate documentation to determine the eligibility of persons served by HUD's homeless assistance programs. Below, this Guide provides recommendations on documentation of homelessness.

The degree of documentation of homelessness depends on the type of short- or long-term shelter provided. Projects providing short-term emergency shelter or support services only need a lower standard of proof of the person's prior living situation.

Short-Term Emergency Shelter/Services

Situation	Documentation
Persons living on the street	Projects may provide short-term shelter and/or services - such as outreach, food health care, and clothing - to persons who reside on the streets or who are otherwise homeless. In these cases, it is not feasible to require documentation for each person obtaining such services offered by the project. It is sufficient for the grantee/recipient staff to confirm that the persons served, indeed, reside on the street or are otherwise homeless.

Long-Term Emergency Shelter/Transitional Housing

Situation	Documentation
Persons living on the street or in short-term emergency shelter	Information should be obtained to indicate that the participant is living on the street or in short-term emergency shelter. This may include names of organizations or outreach workers who have assisted them in the past, whether the client receives any general assistance checks and where the checks are delivered, or any other information regarding the participant's activities in the recent past that might provide documentation. If unable to verify that the person is living on the street or in short-term emergency shelter, the participant or a staff person may prepare a short written statement about the participant's previous living place. The participant should sign the statement and date it.
Persons coming from transitional housing for homeless persons	Obtain written verification from the transitional housing staff that the participant has been residing at the transitional housing facility. The verification should be signed and dated by the referring agency personnel. Also obtain written verification that the participant was living on the streets or in an emergency shelter prior to living in the transitional housing facility (see above for required documentation for emergency shelter), or was discharged from an institution or evicted from a private dwelling prior to living in the transitional housing and would have been homeless if not for the transitional housing (see below for required documentation for eviction from a private dwelling).
Persons being evicted from a private dwelling	Obtain evidence of formal eviction notice indicating that the participant was being evicted within a week before receiving homeless assistance. Also obtain information on the participant's income and efforts made to obtain housing and why, without the homeless assistance, the participant would be living on the street or in an emergency shelter. If the participant's family is evicting, a statement describing the reason for eviction must be signed by the family member and dated. In other cases where there is no formal eviction process, persons are considered evicted when they are forced out of the dwelling unit by circumstances beyond their control. In those instances, obtain a signed and dated statement from the participant describing the situation. The grantee/recipient must make efforts to confirm that these circumstances are true and have written verification describing the efforts and attesting to their validity. The verification should be signed and dated.
Persons from a short-term stay (up to 30 consecutive days) in an institution who previously resided on the street or in an emergency shelter	Obtain written verification from the institution's staff that the participant has been residing in the institution for less than 31 days and information on the previous living situation. See above for guidance.
Persons being discharged from a longer stay in an institution	Obtain evidence from the institution's staff that the participant was being discharged within the week before receiving homeless assistance. Obtain information on the income of the participant, what efforts were made to obtain housing and why, without the homeless assistance, the participant would be living on the street or in an emergency shelter.
Persons fleeing domestic violence	Obtain written verification from the participant that he/she is fleeing a domestic violence situation. If a participant is unable to prepare verification, the grantee/recipient may prepare a written statement about the participant's previous living situation for the participant to sign and date.

State whether or not the agency has fidelity bond coverage for principal staff that handle the agency's accounts, in what amount, and with what insuring agency

In accordance with the Office of Management and Budget Circulars A-133, A-128, and A-110, Non-Federal entities that expend \$500,000 or more in Federal awards shall have a single or program-specific audit conducted each year. However, agencies expending less than \$500,000 per year, must maintain records for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office. Agencies requesting \$500,000 or more must choose one of the three following ways of meeting this requirement and state which method they choose:

If the agency already conducts audits of all its funding sources including ESG, the agency must submit a copy of its most recent audit and may, at its discretion, include the ESG portion of the audit cost in its ESG project budget.

If the agency already conducts audits of its other funding sources but has neither received nor included ESG in the past, the scope of the audit would be modified to incorporate ESG audit requirements. The ~~associated~~ cost of the augmentation could then be included in the ESG project budget, accompanied by the auditor's written cost estimate.

If the agency is required to submit an audit and does not have a current audit process in place, the agency will be required to include a 10% set-aside in the ESG project budget for the provision of an audit.

The ESG application package must include an approved resolution from the applicant's governing body which authorizes submittal of an application for City of Scranton ESG funding and identifies the title of the individual authorized to execute any agreements, contracts, and requests for payment. A suggested format is provided in Exhibit A.

DUNS Number Requirement

The federal government requires organizations to provide a DUNS number as part of their grant applications and proposals.

What is a DUNS number?

Dun and Bradstreet (D&B) is a company that provides business information for credit, marketing, and purchasing decisions. Its "data universal numbering system," known as DUNS, issues unique 9-digit numbers that are used by businesses and the federal government to keep track of more than 70 million businesses world-wide. Some entities, such as states and universities, will also have what is known as "DUNS + 4," which is used to identify specific units within a larger entity.

Why does my organization have to provide it?

The federal government's Office of Management & Budget has adopted the use of DUNS numbers as a way to keep track of how federal grant money is awarded and dispersed.

Do all grant applications have to have a DUNS number?

All organizational applicants are required to provide their DUNS number. Individuals are exempt.

How do I find out if my organization already has a DUNS number?

Your executive director, business manager, board treasurer, or accountant is likely to know and be able to provide your organization's DUNS number if you already have one. Organizations applying to the Arts Endowment have been required to have a DUNS number since October 1, 2003. Universities and most colleges, state entities and large organizations also are likely to already have DUNS numbers. If you are not sure, ask the D&B operator when you call to get one (see phone number below).

Is there a fee for registering for a DUNS number?

No. D&B should not charge you a fee. You are also not obligated to purchase any of their products.

What is the easiest way to get a DUNS number if my organization needs one?

It only takes a day to get a DUNS number from D&B by phone (you may be on hold for a little while), but Internet applications can take up to 30 days! Note that an authorizing official, not a project director, of the organization should request a DUNS number. **Call D&B's special toll-free number for federal grant applicants: 1-866-705-5711.** Tell the operator that you are applying to a federal grant program and need to register for a DUNS number. The process will take about ten minutes. You will be asked to provide the following information (subject to minor changes):
Legal name of organization, physical address (and P.O. Box if you have one), telephone number, Web address, name of the authorizing official (e.g., president, director, etc.), the purpose of your organization.

24 CFR Part 58 - Environmental Review

As part of ESG requirements prior to the Release of Funds being issued (which allows contracts to be executed) an Environmental Review Record must be completed. Most of our recently funded activities have been classified, by their nature, as either Categorically Excluded or Exempt. With these activities we are not required to complete an environmental assessment. Occasionally ESG funds an activity that does require a complete environmental assessment.

To avoid limiting funding to activities not requiring environmental assessments, ESG is implementing an additional requirement of those applicants. Sub-recipients receiving ESG funding for activities that require environmental assessments must have an environmental assessment done at their own cost and furnish the ESG department with a copy. To comply with ESG regulations, these environmental assessments must be received by ESG staff no later than June 15th of the funding year.

- If project involves a building / facility rehabilitation, is the building or facility on the National Register of Historic Places. Is it part of a local historic district?
- What year was the building constructed? What was its prior use?
- Does the Department have any information concerning previous or existing environmental conditions on site? If so, provide a description. Identify any key environmental studies that have been initiated or completed to satisfy NEPA.

Has the Department already completed any site remediation and/or abatement activities at this site? If so, provide a description. If awarded ESG funds, a copy of the final closure reports must be provided.

In accordance with 24 C.F.R. Part 58.22, the applicant agrees to refrain from undertaking any physical activities or choice limiting actions until the City of Scranton's Office of Economic and Community Development has approved the project's environmental review. Choice limiting activities include acquisition of real property, leasing, repair, rehabilitation, demolition, conversion, or new construction. This limitation applies to all parties in the development process, including public or private nonprofit or for-profit entities, or any of their contractors.

This certification does not constitute an unconditional commitment of funds or site approval. The commitment of funds to the project may occur only upon satisfactory completion of the project's environmental review in accordance with 24 CFR Part 58 and related environmental authorities. Provision of funding is further conditioned on the City of Scranton's Office of Economic and Community Development's determination to proceed with, modify, or cancel the project based on the results of the environmental review.

The applicant agrees to abide by the special conditions, mitigation measures or requirements identified in the City of Scranton's Office of Economic and Community Development's environmental approval and shall ensure that project contracts and other relevant documents will include such special conditions, mitigation measures or requirements.

Until the City of Scranton's Office of Economic and Community Development has approved the environmental review for the project, neither the applicant nor any participant in the development process, including public or private nonprofit or for-profit entities, or any of their contractors, may commit HUD assistance to the project or activity.

The applicant agrees to provide the City of Scranton's Office of Economic and Community Development with all available environmental information about the project and any information which the City of Scranton's Office of Economic and Community Development may request in connection with the conduct and preparation of the environmental review, including any reports of investigation or study which in the City of Scranton's Office of Economic and Community Development's opinion is needed to fulfill its obligations under HUD environmental requirements.

The applicant agrees to advise the City of Scranton's Office of Economic and Community Development of any proposed change in the scope of the project or any change in environmental conditions, including substantial changes in the nature, magnitude, extent or location of the project; the addition of new activities not anticipated in the original scope of the project; the selection of an alternative not in the original application or environmental review; or new circumstances or environmental conditions which may affect the project or have bearing on its impact, such as concealed or unexpected conditions discovered during the implementation of the project or activity.

CERTIFICATIONS**

I, _____(name and title of official), duty to act on behalf of the _____(name of applicant), certify that if awarded Emergency Shelter Grant funds, I will comply with the following as appropriate:

- (1) The requirements of 24 CFR 576.25(b)(2) concerning the submission by nonprofit organizations applying for funding of a certification of approval of the proposed project(s) from the unit of local government in which the proposed project is located.
- (2) The requirements of 24 CFR 576.53 concerning the continued use of buildings for which Emergency Shelter Grant funds are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services, concerning the population to be served.
- (3) The building standards requirements of 24 CFR 576.55;
- (4) The requirements of 24 CFR 576.56, concerning assurances on services and other assistance to the homeless.
- (5) The requirements of 24 CFR 576.57, other appropriate provisions of 24 CFR Part 576, and other applicable Federal law concerning nondiscrimination and equal opportunity.
- (6) The requirements of 24 CFR 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
- (7) The requirements of 24 CFR 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
- (8) The requirements of 24 CFR 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the Emergency Shelter Grants Program and that the address or location of any family violence shelter project assisted with Emergency Shelter Grants funds will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
- (9) The requirement that recipients involve, to the maximum extent practicable, homeless individuals and families in constructing, renovating maintaining, and operating facilities assisted under the ESG program and in providing services for occupants of these facilities as provided by 24 CFR 576.56(b)(2).

(10) The requirement of 24 CFR 576.21(a)(4) which provide that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services meet the following standards:

(A) That the inability of the family to make the required payments must be the result of a sudden reduction in income;

(B) That the assistance must be necessary to avoid eviction of the family or termination of the services to the family;

(C) That there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and

(D) That the assistance must not supplant funding for preexisting homeless prevention activities from any other source.

(11) The new requirement of the McKinney-Vento Act, 42 USC 11301, to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.

(12) The Drug Free Workplace requirements of 24 CFR Part 24 concerning the Drug Free Workplace Act of 1988.

I further certify that I will comply with the provisions of, and regulations and procedures applicable under, section 104(g) of the Housing and Community Development Act of 1974 with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 CFR Part 58.

I further certify that the submission on an application for an emergency shelter grant is authorized and that I possess legal authority to carry out emergency shelter grant activities in accordance with applicable law and regulations of the Department of Housing and Urban Development.

Conflict of interest Certification

Grantees and their recipients must avoid any conflict of interest in carrying out activities funded by federal grants dollars, such as the Emergency Shelter Grants program. Generally, this means that a person who is an employee, otherwise in a decision-making position, or has information about decisions made by the organization (such as an agent, consultant, officer or elected or appointed official of the grantee or recipient) may not obtain a personal or financial interest or benefit from the organization's activity, including through contracts, subcontracts or agreements. This exclusion continues during the employee's tenure and for one year following employment.

As part of general guidelines for the procurement of goods and services using federal funding (such as ESG), grantees and recipients are required to have a "code of conduct" in place that prohibits employees, officers or agents of the organization from participating in the decision making process related to procurement if that person, or that person's family, partner or any organizations employing any of the above has a direct financial interest or benefit from that procurement. In addition, these persons may not accept any gratuity, favors, or anything of monetary value from a contractor, consultant or other entity whose services are procured for the organization. Organizations should develop standards for avoiding such apparent or potential conflicts. Such standards may include for example a written policy that is part of the employee policies. Often, employees are required to sign a statement indicating that they have read the policy and will comply. This signed statement then becomes part of the employee's personnel file.

The federal regulations at 24 CFR 576.57 (d) describe the conflict of interest requirements as follows:

(i) 24 CFR 576.57

- d. Conflicts of interest. In addition to the conflict of interest requirements in OMB Circulars A-102 and A-110, no person –
 1.
 - i. Who is an employee, agent, consultant, officer, or elected or appointed official of the grantee, State recipient, or nonprofit recipient (or of any designated public agency) that receives emergency shelter grant amounts and
 - ii. Who exercises or has exercised any functions or responsibilities with respect to assisted activities, or
 2. Who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract, or agreement with respect thereto, or the proceeds there under, either for him or herself or for those with whom he or she has family or business ties, during his or her tenure, or for one year thereafter. HUD may grant an exception to this exclusion as provided in 570.611 (d) and (e) of this chapter.
